

# COMMUNITY BANK®

*Exceeding Expectations Every Day*

August 3, 2021

Dear Customer:

Community Bank continues to monitor the current status with the COVID-19 virus. We want to assure you that your money will continue to be safe and accessible in the midst of the ongoing COVID-19 outbreak in this country. The bank will continue to operate in a safe and prudent fashion to provide you access to your funds and financial needs.

Our lobby continues to be open, but if you prefer to do your banking without coming in, we can offer you several alternatives such as on-line banking with the option of bill pay, mobile app banking, telebanking, and drive-in services. If you are not currently signed up as an on-line banking customer, we would be happy to help you with that. Our mobile app is available for Apple and Android phones. You can utilize our telebanking by calling our PLUS line at (918)581-1587 and following the instructions. You always have access to your funds through our drive-in facility and 24/7 ATMs. You can make deposits at our night drops at the main bank or at the drive-in and now at our newest ATM at the drive-in. You can also call the bank and talk with someone who is always willing to help you with your needs or questions.

We will continue to take precautions to protect our customers and employees as the situation continues to evolve. Although COVID-19 cases in our area are limited we do see a spike in cases from time to time, and we continue to monitor information from the Centers for Disease Control (CDC) and the Oklahoma State Health Department. We will continue to implement best health practices here at the bank.

Thank you for being a valued customer and for trusting Community Bank with your financial needs. Please call anytime with questions or concerns.

Sincerely,

**David Roberts**  
**President & CEO**
